

OPERATIONALIZING ACCESS:

Training Series on Communication
Access Plans in Behavioral Health
Settings

Questions? Contact Michelle.Niehaus@ky.gov

You and your team are invited to participate in one or more of these sessions designed to elevate the conversations we have around hearing loss and its impact on individuals' abilities to fully benefit from mental health, substance use, or developmental / intellectual disability-related services. **Learn about technology helpful to individuals with hearing loss and how to create and use Communication Access Plans in your setting.**
