

**OPEN NOW:** Deaf Centered National Caregiver Training

Gallaudet University's Center for Continuing Education (CCE), in collaboration with the American Caregiver Association (ACA), is proud to announce that the Deaf Centered National Caregiver Training is now on a new platform, the Learning and Training Center (LTC).

This training is designed for Deaf caregivers or for caregivers of Deaf clients and other ASL users. This offering is online asynchronous (self-paced) and presented bilingually in ASL and English. You would have 28 days to complete the course. Upon completion of the training and passing the final exam, you'll receive your certificate from the ACA.
