

***KCDHH received the following email from a graduate student at Gallaudet University. She is asking us to share information about her research study. All questions should be directed to her via her email address at the bottom of this page.***

---

Hello!

I am Shawna Wolf, a graduate student at Gallaudet University in the Department of Interpretation and Translation. I am writing to you to request your assistance in recruitment for my research study.

The goal of this study, entitled Including the Deaf Perspective in Interpreter Ethics, is to survey Deaf and Hard-of-Hearing consumers of interpreting services about their opinions of interpreter ethics.

Participants will take a short demographic survey, then will watch or read three scenarios and respond via video in American Sign Language or via written English. It will take approximately 20 minutes to participate in the research.

Participants must be Deaf or Hard-of-Hearing consumers of interpreting services above the age of 18 and currently live in The United States.

Participation in this study will create a valuable contribution to the literature by extending the work of previous researchers.

For more information, please contact me at the email address below. To participate, please use this link to the survey found here: <https://forms.gle/eFG12uSHm6MG7HSc6>

Please note: participants will need to sign in to their Google account to take the survey for data collection purposes.

Thank you!

Shawna Wolf
