

Hello!

I am reaching out to you because of your history as foster parents. DCBS would like to do a push to recruit Deaf or sign-fluent providers in the Boyle County area but, hopefully, also statewide.

If you could provide the following information to me, I would greatly appreciate it...!

1. How did you become a foster parent? Through a private provider or DCBS?
2. Have you had Deaf or Hard of Hearing children in your home?
3. Do you know of others who are Deaf or sign-fluent who are certified providers?
4. If so, can you share their locations and contact information?
5. Do you know of others who would be interested in becoming foster parents?

If you'd like to talk about this initiative, please call me at (502) 782-6181 or email me back.

Thanks so much!
