

# Landline Phones

## Attach a copy of your phone bill.

A copy of the section of your phone bill that has your name, address and phone number is required for all equipment. This is usually on the first page and is the part that you detach and send to the phone/cable company for payment. If your name is not on your bill, then you must attach a copy of a driver's license or other official documentation/ID showing proof that you live at the address you wrote on the application.

**GEEMARC AMPLIPOWER 60:** Amplified corded telephone designed for use by individuals with a severe hearing loss. Includes speaker phone, volume control, hearing aid compatible, big button keypad, extra bright visual ringer indicator, wall mountable. (dB level 67-adjustable)

# Signalers

One signaler may be coupled with your selection of any telecommunication device, wired or wireless. Please choose **one** of the following:

LIMITED TO **ONE (1) SIGNALER SYSTEM** PER ACCESS LINE

**AMPLIFIED RINGER STROBE:** Designed for deaf and hard of hearing individuals who need both a loud tone level and a bright strobe to know when the telephone rings. Connects between telephone and wall phone line. Includes amplified ringer of up to 120 dB, bright flashing strobe light, line triggered strobe light and wall mount option. One per household.

Specs: <https://goo.gl/gzEVL1>

**-or-**

**SERENE CA-360:** CA-360 notification system, wireless doorbell, smoke & CO<sup>2</sup> alarm, bed shaker, and wearable pager with charger, multipurpose transmitter to notify individuals of incoming calls (Telephone, Videophone/TTY or Fax). Includes flashing patterns, adjustable ring tones to alert incoming call/doorbell/smoke alarm or phone/bed shaker. Pager provides Braille buttons and receives alerts through vibrations. Smoke alarm sends signals to signaler and pager and offers both smoke and carbon monoxide detection. Wireless operation.

Specs: <http://goo.gl/rQItBi>

**-or-**

**SERENE CA-380 COMBO:** CA-380 notification system, phone/cell/iPad signaler, wireless doorbell, smoke & CO<sup>2</sup> alarm, bed shaker, and wearable pager with charger. Alerts to ringing of home telephone, iPhone or iPad and works as a smoke/CO<sup>2</sup> alarm. Includes alerts to incoming calls/text message/doorbell/or smoke alarm or phone/bed shaker. Pager provides Braille buttons and receives alerts through vibrations/selectable audio tones/or a bright flasher, Smoke alarm sends signals to signaler and pager and offers both smoke and carbon monoxide detection. Wireless operation.

Specs: <http://goo.gl/fZz3Tx>

**-or-**

**SERENE WIRELESS BED SHAKER SS201:** Paired to a smart phone via Bluetooth and free App; set alarms (up to 7-days) or desired notifications (calls, texts, messages) – unit shakes with gradually increasing strong vibrations; attachable clip to secure under pillow; internal memory retains time of pre-set alarms independent from smart phone and automatically updates to local time when traveling. 45-day battery life between charges.

Specs: <https://goo.gl/tmZta2>

**EQUIPMENT CANNOT BE EXCHANGED. PLEASE CAREFULLY CHOOSE ONLY ONE (1) DEVICE AND ONE (1) SIGNALER.**
