

June's (2022) **KCDHH Spotlight Q&A** is with O.J. Disney II, who is the Document Processing Specialist II at KCDHH. Disney's hometown is Louisville, where he graduated from Seneca High School. He earned his Bachelor of Science degree from Eastern Kentucky University. Disney is married to Tracy and they are the parents of Luke and Katie. They live in Shelbyville.

What department do you work for and what is your role?

I am currently the Telecommunications Access Program (TAP) Document Processing Specialist II and help process applications.

How long have you been with KCDHH?

I have been with KCDHH for three months.

What have been your biggest accomplishments in your department?

I am still learning my way around the Telecommunications Access Program.

What is the most unique part about working at KCDHH?

The most unique part of working at KCDHH is the nice people and great work environment.

Before working at KCDHH, what was the most unusual or interesting job you've ever had?

Before coming to KCDHH, I converted paper processing tasks to web page/database processing, which is paperless.

What is a hobby or talent you might want to share?

My hobby is playing with grandkids and watching movies and television.
